AUTHORISED ECOFLOW DISTRIBUTOR · UAE

EcoFlow Portable Power

Product Overview 2026

Power stations, power banks, solar panels and smart outdoor devices — supplied to installers, resellers and project buyers across the UAE.

unitegreen.ae · sales@unitegreen.ae

Your EcoFlow partner in the UAE

1 Full portable range

RIVER, DELTA, DELTA Pro, TRAIL, RAPID, WAVE and GLACIER — one supplier for the complete EcoFlow portable line-up.

2 Trade supply from Dubai

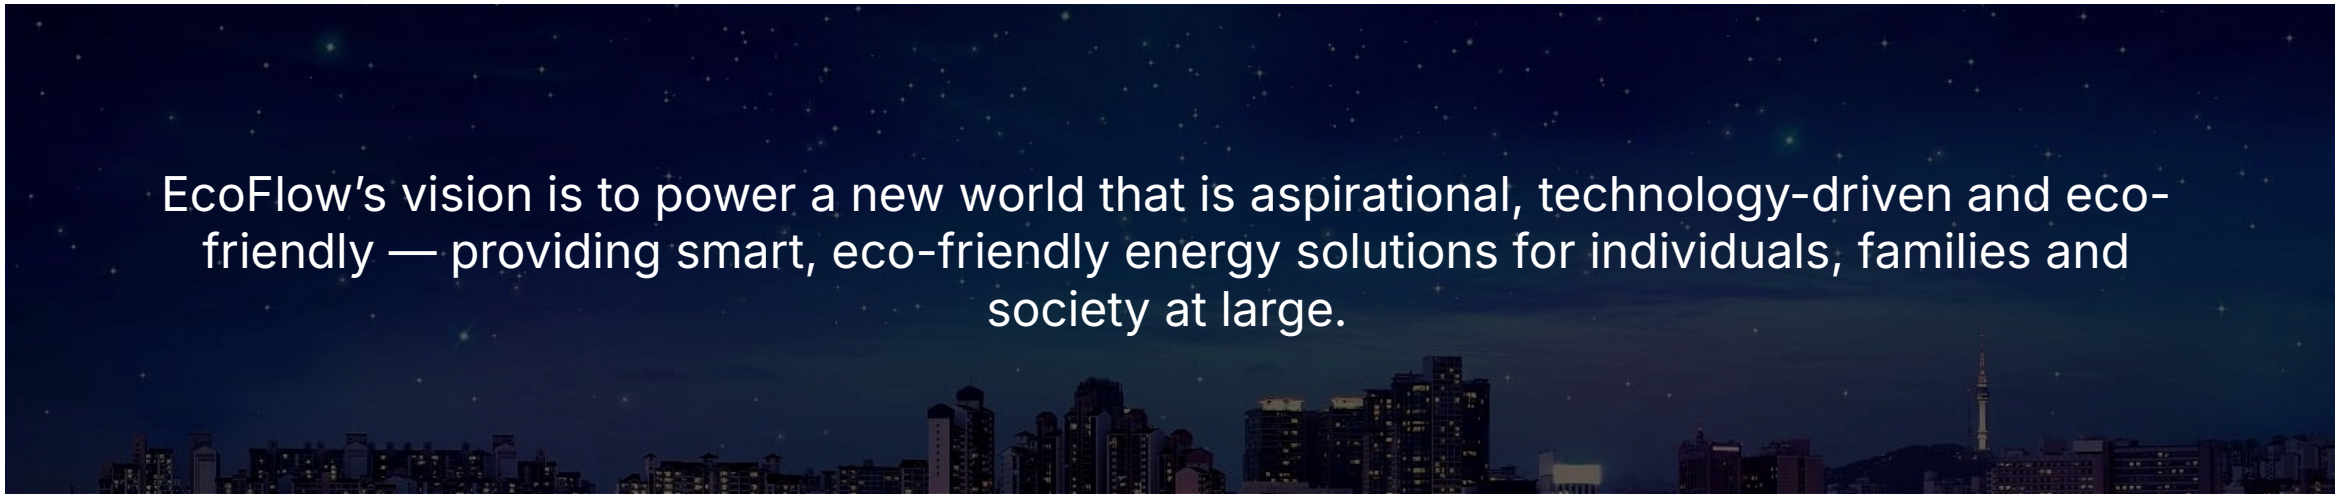

Trade pricing for installers, resellers and project buyers. Stock items ship from Dubai; further models on request.

3 Pre-sales product support

Product selection, system sizing and datasheets, so you can quote your customer with confidence.

From start-up to category leader

UniteGreen
Solar Energy Solutions

2017

EcoFlow founded; first product RIVER launched at CES.

2019

DELTA launched — the most-funded project on Makuake at the time.

2021

DELTA Pro sets a USD 12 M crowdfunding record; EcoFlow valued at USD 1 billion.

2022

EcoFlow WAVE launched as the first smart device in the ecosystem; annual revenue passes USD 1 billion.

2023

PowerStream and PowerOcean launched — EcoFlow enters residential energy storage.

2024

X-Core 3.0 technology system and the OASIS AI energy-management platform unveiled.

PRODUCT RANGE

Plug & play power — as simple as charging your phone

RAPID

Power banks and chargers for travellers and anyone who needs to stay connected.

TRAIL

Purpose-built outdoor DC power — ultra-light and compact.

RIVER

Compact backup and outdoor power with strong performance.

DELTA

Portable power stations for indoors, outdoors and on the go.

DELTA Pro

Whole-home backup with expandable capacity.

Smart devices

WAVE 3 portable A/C and GLACIER Classic portable fridge.

powers 99 % of household appliances

4,000 cycles
LFP battery to 80 % capacity

IP65
battery pack with BMS protection

Smart app for backup and bill savings · unlimited runtime with the EcoFlow Smart Generator (Dual Fuel)

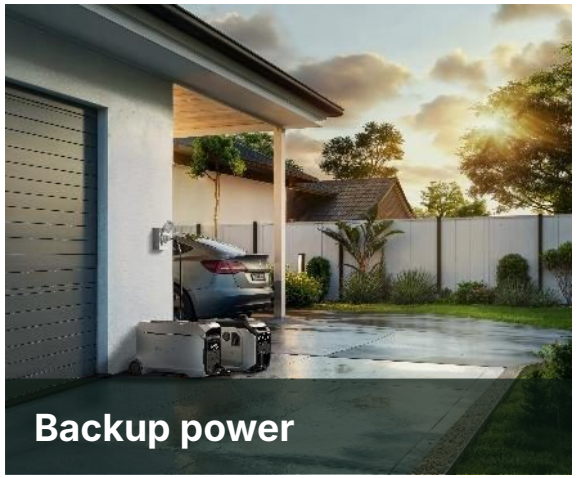

PRODUCT FAMILY

EcoFlow DELTA Pro 3

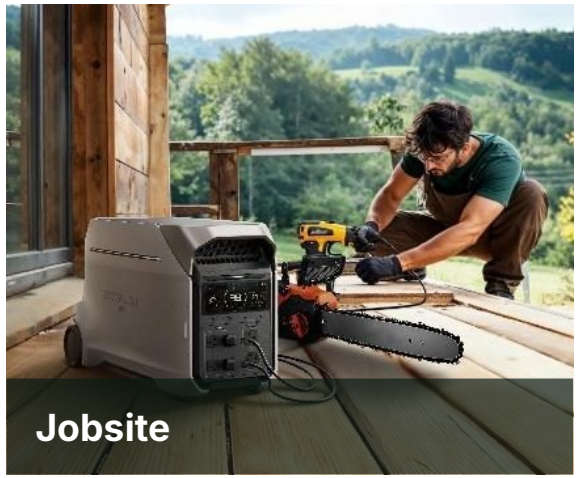

Whole-home backup power on wheels

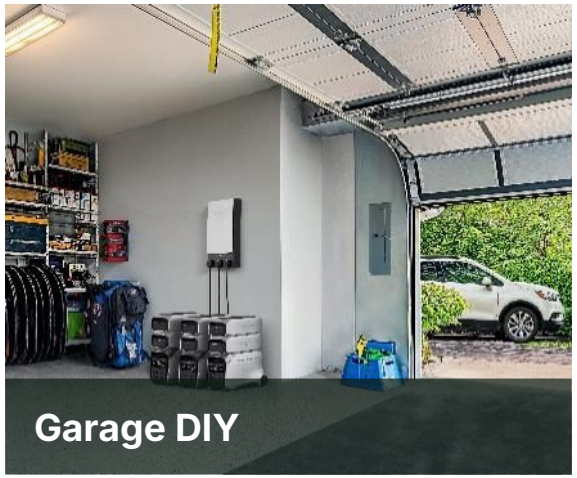

UniteGreen
Solar Energy Solutions

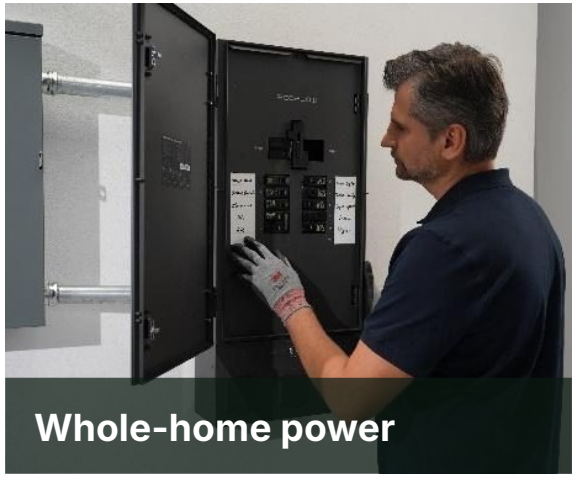

Energise every moment that needs electricity

Plug and play instead of a petrol generator

Traditional generator

- 15–25 minutes to get running in an outage
- Complex starts and mechanical components
- Regular maintenance, fuel and oil
- Noise, CO and smoke emissions
- Long and costly installation

DELTA Pro 3

Instant, silent and emission-free. Ergonomic pull-rod design based on 1,000+ consumer surveys; at 51.5 kg it is one of the lightest in its class — almost 15 % lighter.

ECOFLOW DELTA PRO 3

What one 4 kWh unit runs

Refrigerator	**3 days**
Clothes dryer	**1.6 h**
Microwave	**2.5 h**
Hair dryer	**2 h**
Water pump	**1.6 h**
Central A/C	**1.3 h**

Electric blanket	**27 h**
Electric stove	**1.6 h**
Coffee maker	**6 h**
Car refrigerator	**5–6 days**
Projector	**50 h**
Vehicle A/C	**3 h**

Electric welder	**48 min**
Lawn mower	**2.2 h**
Electric drill	**4.6 h**
Cutting machine	**1.6 h**

Key specifications

- 4,000 W AC output and 4 kWh capacity in a single unit
- Expandable with Smart Extra Batteries
- 10 ms UPS switch-over
- Quiet operation at 30 dB
- Up to 2,600 W dual solar input
- Multiple simultaneous charging methods
- LFP battery, 4,000 cycles, 11+ year lifespan
- IP65-rated battery pack
- 5-year warranty

PRODUCT FAMILY

EcoFlow DELTA Pro Ultra

The most powerful whole-home backup solution

UniteGreen
Solar Energy Solutions

Built for extended outages and daily use

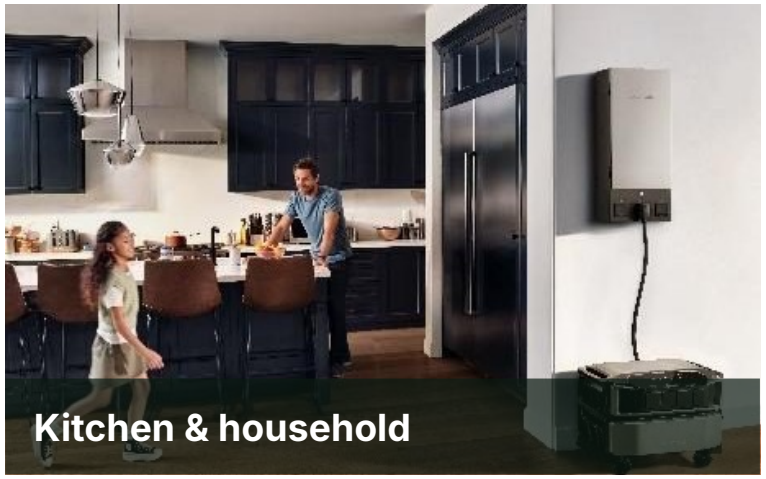

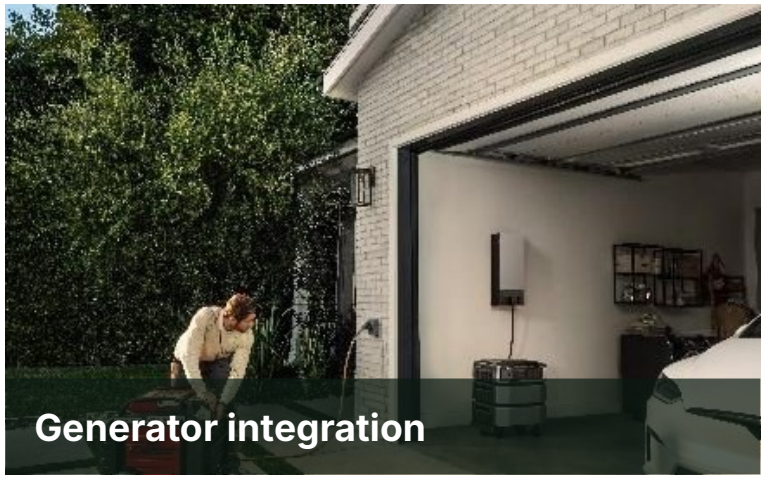

DELTA Pro Ultra is a residential power backup system for both extended outages and daily use. With 6 kWh capacity, 7,200 W output and 5.6 kW solar input, a single unit can run an entire home. Its stackable design expands storage and output in minutes, and it accepts a wide range of energy sources — from solar to generators.

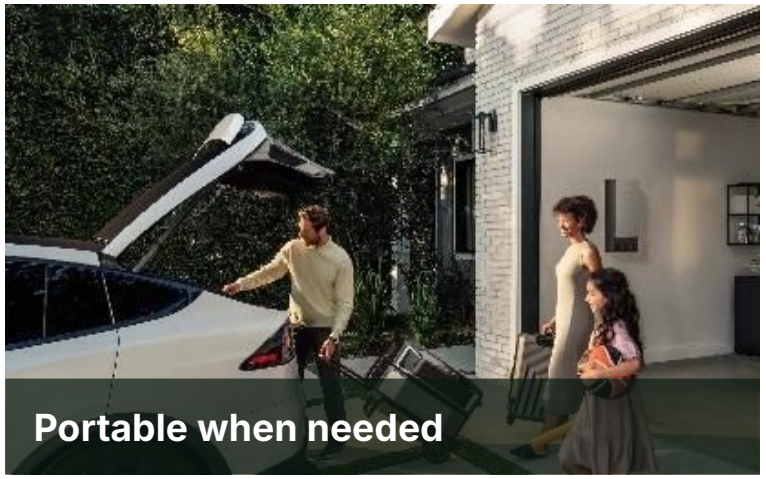

6 kWh
per unit

7.2 kW
output per unit

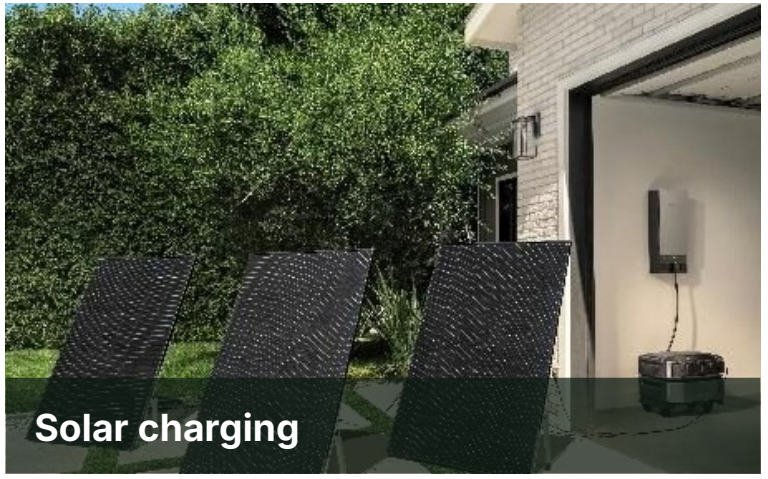

Application scenarios

Key features

5.6 – 16.8 kW
solar input — one hour of sun for one day of use

6 – 90 kWh
storage for up to a month of backup

7.2 – 21.6 kW
output to power every home appliance

0 ms
online UPS

5 years
warranty

X-Cooling
proprietary ventilation technology

Multiple charging methods, including generators and EV chargers.

PRODUCT FAMILY

EcoFlow RIVER

Compact power for backup and outdoors

UniteGreen

RIVER 3 SERIES

Small footprint, serious performance

2× runtime
for appliances below 100 W

1 h
fast charge, no battery damage

< 10 ms
pro-grade UPS for precision devices

600 W
rated output, 1,200 W X-Boost

858 Wh
maximum expanded capacity

30 % smaller
than the industry average

< 30 dB
whisper quiet

PRODUCT FAMILY

EcoFlow TRAIL

Outdoor DC power for every adventure

UniteGreen
Solar Energy Solutions

Built for every adventure

Lightweight and compact
Take TRAIL wherever the adventure leads — even the most remote trails.

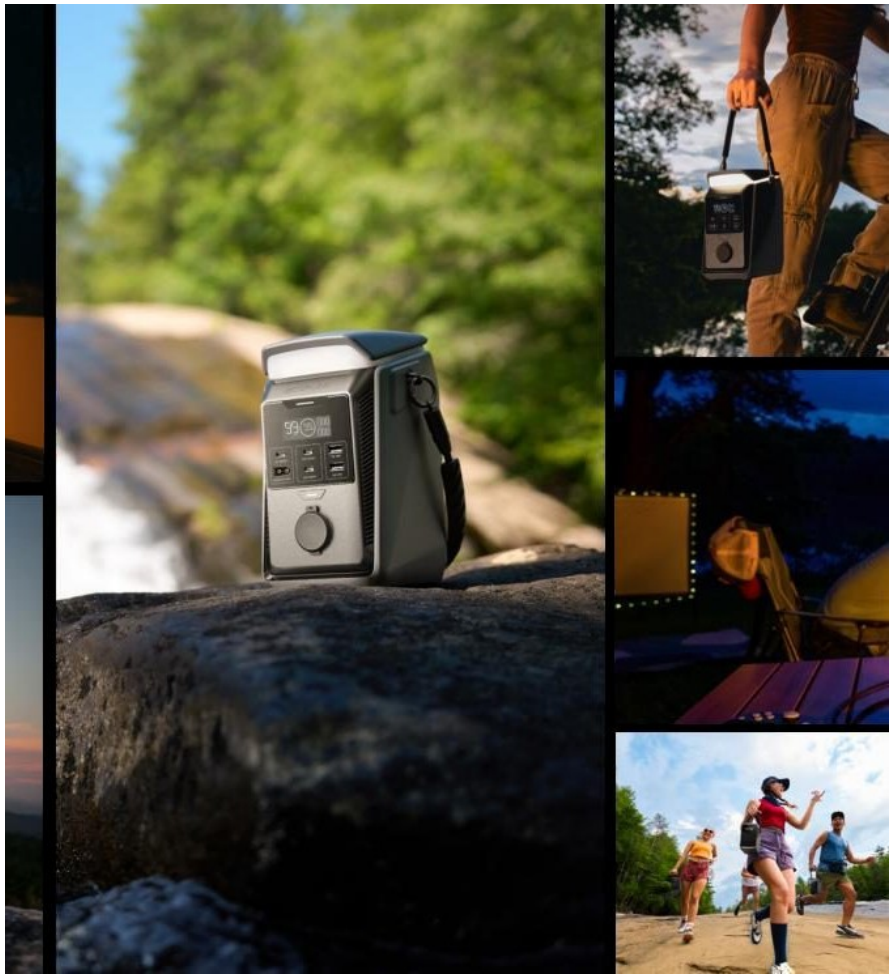

Efficient DC output
Up to 300 W total DC output powers 90 % of camping essentials.

Extended capacity
Up to 288 Wh (90,000 mAh) — enough to charge a phone 16 times.

Multiple output ports
Charge devices for family and friends at once.

Built tough, safe and durable
Five layers of protection inside and out against drops.

Appliance runtime

Scenario	Appliance	Unit	TRAIL 200 (192 Wh)	TRAIL 300 / Plus 300 (288 Wh)
Tent camping	Camping lantern	hours	29	44
	Projector	times	4	6
	Air pump	times	36	54
Hiking & photo	Phone	times	11	16
	Camera	times	26	39
	Drone	times	8	12
Fishing	Mini fan	hours	67	101
	Electric cooler	hours	7.5	23
Gaming & streaming	Tablet	times	6	8
	Laptop	times	3	5
	Portable Wi-Fi router	hours	6	9

SMART DEVICE

EcoFlow WAVE 3

Powerful portable A/C — take comfort anywhere

UniteGreen
Solar Energy Solutions

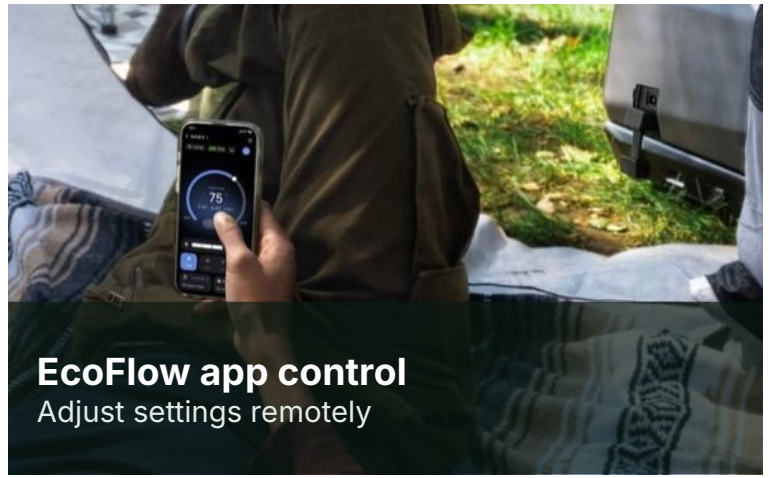

Why WAVE 3 stands out

Cool or heat quickly
6,100 BTU cooling (−8 °C in 15 min) · 6,800 BTU heating

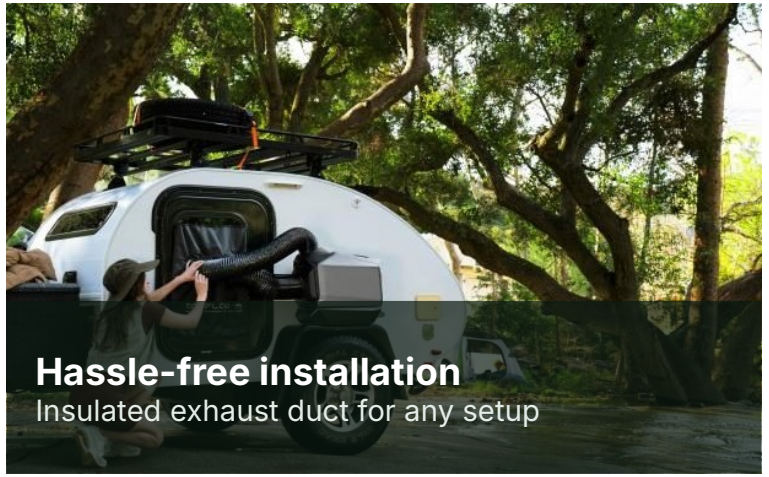

Up to 8 h wireless
With the add-on battery

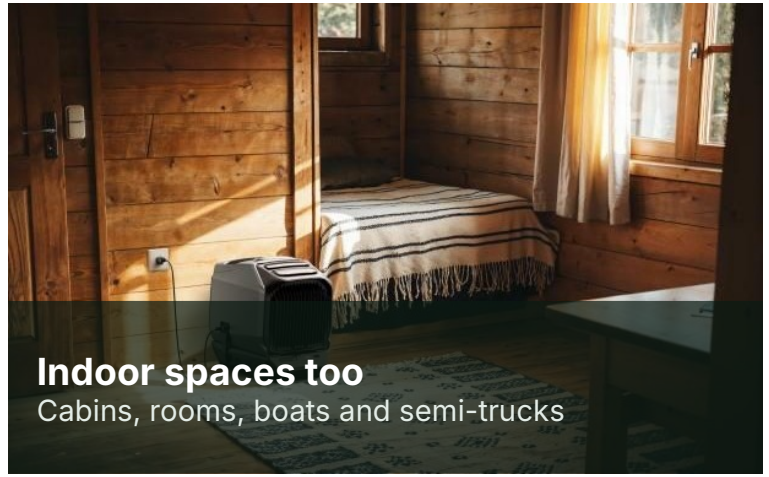

EcoFlow app control
Adjust settings remotely

More ways to power up
Solar, AC, car and power station

Hassle-free installation
Insulated exhaust duct for any setup

Indoor spaces too
Cabins, rooms, boats and semi-trucks

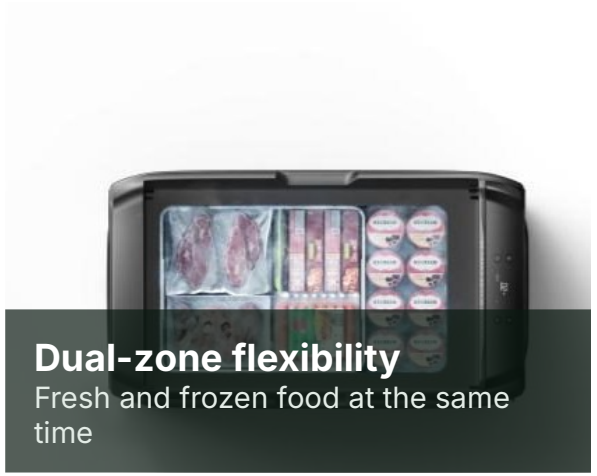

SMART DEVICE

EcoFlow GLACIER Classic

Portable fridge and freezer for every journey

UniteGreen
Solar Energy Solutions

Why GLACIER Classic stands out

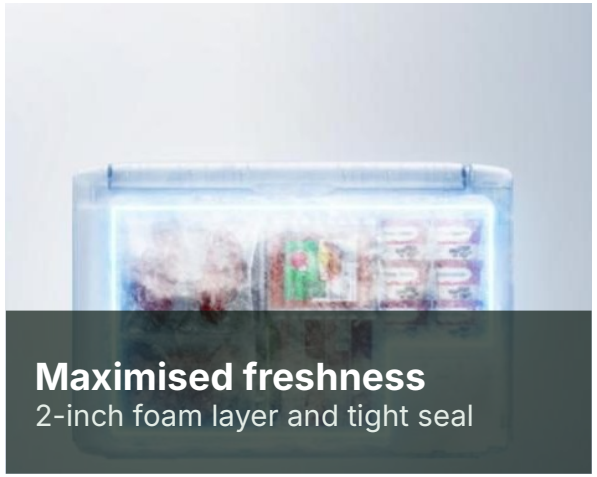

Dual-zone flexibility
Fresh and frozen food at the same time

Packs up to 90 cans
With room left for the must-haves

Up to 43 h off-grid
298 Wh battery

Maximised freshness
2-inch foam layer and tight seal

35 L · 45 L · 55 L
three sizes to suit any vehicle
